- ADR, Foley work
- Visual FX, rotoscoping, compositing, masking, chroma key, 3D space
- Knowledge in Actionscript, Javascript,
- Microsoft Word [10 years], Excel [4 years]
- Highly adaptable

VOLUNTEERING

Street Life

Milwaukee, WI — (June 2016- September 2016)

Street Life is an organization focused around creating a relationship between the homeless population of Milwaukee and the people who volunteer their time to create these interactions. It is talking with and meeting the homeless population much more than it is about the delegation of resources.

Dispensa de la paz

Milwaukee, WI — (June 2016- September 2016)

Dispensa de la paz is a food shelter that works with Street Life, and serves Milwaukee's south side. Because of the large Latino population, I was able to speak Spanish as well as translate for others at the dispensary.

ACHIEVEMENTS

- Film accepted into UWM Student Film Fest (Fall 2015) – I was the director and cinematographer of the short *What Remains*
- 1st Place/Audience Award UWM Student Film Fest (Spring 2014) – I was the sound designer of the award-winning animation *Solaire*
- Organized catering for 5th Annual Zen Film Festival (Spring 2014) – I was able to get free pizza catered to the festival in exchange for advertising opportunities. Roughly 100 people in attendance.
- Experimental Film *Microbiologist* premiered at Milwaukee Underground Film Festival (Spring 2014)
- *El Espíritu de Esperanza Award* (The Spirit of Hope Award, 2012) -Annual recognition of one thriving Spanish student who shows ambition/proficiency in the Spanish language and attributes towards positively affecting the world around them.
